Global Fest needs 2 new people to learn to price. Also, expressed the need to reduce items that have not sold in previous years.

**IMPORT ANT DATES**
May 29 – Annual Reports due
June 3, 9:30 – CVIP Executive Committee
June 10, 9:30 – CVIP Board Meeting

Submitted by Secretary, Sue McDonald
INTERNATIONAL SPOUSE CONNECTION – Jan Bernsten

Our first meeting in April was on Good Friday, so the American leaders talked about how Easter is celebrated in the U.S. Then our members decorated Easter eggs and Easter cookies that they could take home to their families. On April 10, leader Paola Sanchez led a session on jewelry making so our members again had a souvenir to take home – a hand-made bracelet. On April 17, our two Turkish members Pilar and Ruya gave a fascinating presentation on their country. We were all ready to book a trip by the time they were finished. On April 24, we took a field trip through the WKAR radio stations. We learned that Desi, an ISC member from Indonesia, is actually a radio announcer at a station in her home city. People had a great time having their picture taken at the studio microphones. We ended the Spring Semester on May 1 with a potluck at Paola’s home, enjoying foods from all over the world brought by our members.

I SPEAK – Carol Towl

Activity since April 8:
-Saya Kaneda has given two presentations about her home country of Japan, one for the International Interest group of the MSU Community Club, and one for Senior Citizens Coffee Hour at Allen Neighborhood Center. Saya-san is the Japan Outreach Coordinator with MSU's Asian Studies Center. We are pleased to be working with her.
-Huimin He visited Bickford Assisted Living and Memory Care Facility, sharing her Chinese culture with the residents in informal conversations.
-All international students and scholars who have given presentations this year were offered certificates of participation to add to their portfolios. Again this year, the MSU Alumni Association also provided USB thumb drives bearing its logo as a small token gift to participating speakers. Thanks, Jennifer Decker!
